

# **Hanson Street Extension, Phase II**

from Veronica S. Shoemaker Boulevard to Ortiz Avenue

## **Construction Update Bulletin August 28, 2019**

### **Veronica S. Shoemaker Boulevard Lane Shift and Roundabout Partial Opening**

#### **VERONICA S. SHOEMAKER BOULEVARD FROM CANAL STREET TO TEESIDE LANE/AUGER DRIVE - TRAFFIC PATTERN CHANGE, WEATHER PERMITTING**

- **Beginning Friday, August 30, crews will partially open the Hanson Street/Veronica S. Shoemaker Boulevard roundabout to north and south traffic only on Veronica S. Shoemaker Boulevard with one lane of traffic in each direction.**
- **Beginning Friday, August 30, 6 p.m. to Saturday, August 31, 7 a.m. during nighttime/overnight hours** crews will be shifting the southbound traffic on Veronica S. Shoemaker Boulevard between Canal Street and Teeside Lane/Auger Drive. **Motorists should use caution when traveling through this area.**

#### **HANSON STREET REMAINS CLOSED** between Ironbridge Boulevard and Veronica S. Shoemaker Boulevard. **Detours divert Hanson Street traffic between Work Drive and Veronica S. Shoemaker Boulevard as follows:**

- Hanson Street eastbound motorists wanting to access Veronica S. Shoemaker Boulevard northbound will turn north on Work Drive; east on Canal Street to Veronica S. Shoemaker Boulevard.
- Hanson Street eastbound motorists wanting to access Veronica S. Shoemaker Boulevard southbound will turn south on Ironbridge Boulevard; east on Teeside Lane to Veronica S. Shoemaker Boulevard.
- Veronica S. Shoemaker Boulevard northbound motorists wanting to access Hanson Street westbound will turn west on Teeside Lane; north on Ironbridge Boulevard to Hanson Street.
- Veronica S. Shoemaker Boulevard southbound motorists wanting to access Hanson Street westbound will turn west on Canal Street; south on Work Drive to Hanson Street.

Lane shift and detours will remain in place during daytime and nighttime/overnight hours. This schedule may change due to underground conditions and inclement weather. Motorists, bicyclists and pedestrians should use caution. Motorists may want to seek alternate routes.

For additional information, please contact the City's public information consultant for the project:
