

## Cleveland Grove Neighborhood Utility Improvement Project

**Friday, April 17, 2020**  
**Paving Notice**

**Beginning, 7 a.m. Friday April 17, crews are scheduled to pave Turner Street, Patrick Avenue and Kentucky Avenue along with the intersections at Marion Street and Veronica S. Shoemaker Boulevard.** Motorists at driveways and side streets may experience ingress/egress delays when the paver is at your driveway or side street. Flaggers will be present to assist motorists. The paving is expected to be completed on Friday. The paving schedule is subject to change due to inclement weather.

To help your asphalt roadway cure properly, please minimize traffic and limit deliveries during paving. To further protect your road from damage during the first few days after paving, please refrain from turning the wheels on your vehicle sharply or turning the wheels while stopped - **MAKE SURE THE CAR IS IN MOTION.** The grinding action of the tires can damage new asphalt.

Please visit the project website at [www.FortMyersUtilities.com](http://www.FortMyersUtilities.com) or contact the City's Public Information Consultant, Cella Molnar & Associates, Inc. at 239-337-1071 or via e-mail to [thayden@cella.cc](mailto:thayden@cella.cc).
