

Hanson Street Extension, Phase II

from Veronica S. Shoemaker Boulevard to Ortiz Avenue

Ortiz Avenue Lane Shift September 3, 2020 Bulletin

Beginning Friday, September 4th and Saturday, September 5th during nighttime/overnight hours, crews are scheduled to shift traffic on Ortiz Avenue to construct the west side of the roundabout at the Hanson Street/Ortiz Avenue intersection. Motorists should expect delays.

Two lanes of traffic will shift and be maintained on the EAST SIDE of Ortiz Avenue with one lane in each direction from Bruce Herd Lane (Eastwood Golf Course entrance) north one mile.

Motorists should expect the speed limit reduced to 20 mph through the Ortiz Avenue future roundabout during construction.

The lane shift will remain in place during daytime and nighttime/overnight hours. This schedule may change due to underground conditions and inclement weather. Motorists, bicyclists and pedestrians should use caution. Motorists may want to seek alternate routes.

For additional information please contact the City's public information consultant for the project:
