

## Evans Avenue Neighborhood Utility Improvements Project

### **Monday, December 21 through Wednesday, December 23, 2020** **Paving Notice for Evans Avenue from Providence Street to Dr.** **Ella Piper Way**

**Beginning, Monday, December 21 through Wednesday, December 23 crews are scheduled to final pave Evans Avenue from Providence Street to Dr. Ella Piper Way.** Crews are expected to pave in this sequence:

- Crews will begin paving at Second Street, with intermittent lane closures and shifts during this work.
- Crews will pave Evans Avenue from Second Street north to Providence Street
- Crews will pave Evans Avenue from Second Street south to Dr. Ella Piper Way.

Motorists at driveways and side streets may experience ingress/egress delays when the paver is at your driveway or side street. Flaggers will be present to assist motorists.

To help your asphalt roadway cure properly, please minimize traffic and limit deliveries during paving. To further protect your road from damage during the first few days after paving, please refrain from turning the wheels on your vehicle sharply or turning the wheels while stopped - **MAKE SURE THE CAR IS IN MOTION.** The grinding action of the tires can damage new asphalt. The paving schedule is subject to change due to inclement weather.
