

Road Watch Advisory for the City of Fort Myers

Hanson Street Sidewalk Improvements

December 30, 2020

Beginning mid-October, contractors for the City of Fort Myers are scheduled to install drainage improvements and sidewalk on the north side of Hanson Street from U.S. 41 east to Montclair Avenue. The project is expected to be complete in early 2021.

Beginning Monday, January 4, 2021, motorists should expect daily lane closures while crews work to complete road crossings at Grande Avenue, Calvin Boulevard and Hanson Street.

Motorists, pedestrians and bicyclists should use caution and be aware of construction equipment and vehicles working in the project area. This schedule may be subject to change due to inclement weather and unforeseen underground conditions. For more project information, contact the City's public information consultant, Cella Molnar & Associates, Inc. at 239-337-1071 or via e-mail to thayden@cella.cc.
