

## **Road Watch Advisory for the City of Fort Myers**

### **Evans Avenue Neighborhood Utility Improvements December 23, 2020**

The City of Fort Myers is scheduled to replace sanitary sewer and water mains and install storm drainage on Evans Avenue from Providence Street south to Dr. Ella Piper Way. The project also includes some new sidewalk and will replace disturbed sidewalk on both sides of Evans Avenue and roadway resurfacing. The project is expected to be complete in early 2021.

Residents and businesses may need to access your property from a different direction. Some sidewalks may be closed during the project. Drivers, pedestrians and bicyclists should use caution and be aware of construction equipment and vehicles entering/exiting streets in the project area. This schedule may be subject to change due to inclement weather and unforeseen underground conditions. For more project information, contact the City's public information consultant, Cella Molnar & Associates, Inc. at 239-337-1071 or via e-mail to [thayden@cella.cc](mailto:thayden@cella.cc).
