November 23, 2021 Construction Update

In June 2021, contractors for the City of Fort Myers started construction on the East Water Storage Tank and Pump Station. The project is expected to be completed in November 2022.

Construction activities include:

General Site

- Maintain the dewatering system

Water Storage Tank

- Tank and vault foundation formwork and reinforcement
- **Wednesday, 12/1 at 11 p.m. nighttime/overnight through Thursday, 12/2, crews are scheduled to make the first large concrete foundation pour.**
 - This work is necessary to be done at night to avoid material delivery delays and to allow the concrete plant to supply the concrete demand without interruption.
 - Lighting and noise should be expected during this work and is unavoidable.
